Dresden

Learn how to make Dresdens and the best way to applique them onto a background. Students will begin a small wall hanging in class. A trunk show is included with this class.

Miniatures

Learn techniques that help to create miniature quilts. A miniature quilt will be started in class. A trunk show is included with this class.

Paper Piecing

Learn the basics to paper piecing while making a cute wall hanging. Participants choose between 3 sizes: 6 ½", 9 ½", or 12 ½" square.

Pricing:

Lectures: $375 plus expenses

Classes*: $400 plus expenses for4 hours

- $525 for all day

*Class size of 15: $25 per person over 15

Granny K Quilts

Quilting *is one of my passions and I make time every day to enjoy it. I enjoy creating patterns, speaking at quilt guilds, and teaching others about quilting. My goals when lecturing or leading a class are to help others improve their quilting skills while inspiring them to try something new. I want every quilter to have as much fun as I do!*

I enjoy teaching classes. It would by my pleasure to present the lectures listed and/or bring my fun classroom experience to your guild.

Lectures with Trunk Shows:

Degree of Dresdens

I am a self-declared 'expert' on Dresdens based on the large number of them I have made (some might say it is an obsession). My lecture defines the degrees available when making Dresdens and identifies the ruler required for each. Options for appliqueing the finished Dresdens plates onto various backgrounds are shown as well as examples of different ideas for finishing the centers. The 'Trunk Show' shared during this lecture offers examples of traditional as well as modern to appeal and inspire every quilter!

Miniatures Just for Fun

I have always been attracted to little versions of big things which defines miniature quilts. While they are difficult to cuddle under, they are fun to make and easy to display. This lecture discusses the criteria and techniques for creating miniatures just for fun and my 'Trunk Show' will provide the inspiration. As a bonus - I will also bring Big Quilts made from Small Pieces.

Specialty Rulers

Have you ever agonized over buying another ruler? Bought a ruler but never used it? Ever shy away from a great looking quilt pattern because the block seems too difficult? This lecture reviews various rulers and the blocks you can create more easily and accurately with each. My 'Trunk Show" will help you decide which ruler to try first

Lectures with Trunk Shows continued:

Piecing with Precuts

Do you have any precuts in your stash? I have many and enjoy working with these because I can use every fabric in the line without buying yardage. Precuts help me make scrappy quilts MY way! I will discuss things I have learned to help you be successful when creating with precut fabric. Unique quilts included in the trunk show will inspire you to take one of your precuts off the shelf and make a quilt.

Classes:

Special Rulers

Special Ruler class options include: Flying Geese, V Block, Cat's Cradle, Hexagons, Lemoyne Star, Circles, and Quarter Square Triangles. This list is not all inclusive so ask me about your personal favorite. Techniques for using the ruler are shown during the class with options of creating a block, table runner or small quilt. A miniature class including several of the rulers is also available. Examples of a **few** of the options follow.

Wing Clipper – Flying Geese

This ruler makes flying geese easy and accurate in sizes from 1" X 1 ½" to 5 ½" X 10 ½"

V Block: Stars, Pinwheels, Flowers

A Studio 180 ruler that replaces the Tri Rec allows you to oversize and trim down for a perfectly accurate block. There are many design opportunities.

Cat's Cradle

There are two rulers offering block sizes from 1 ½" to 8" finished. This block shows up in many quilt patterns and using these rulers makes creating them accurate and fun.

Lemoyne Star

This ruler allows you to construct the block in multiple sizes without "Y" seams.
