Hearts and Techniques: A Different Technique for Every Heart

Hearts are a favorite theme and every heart quilt in this trunk show highlights a different quilting technique!

Borders & Edges: Different Finishes for Your Quilt

Do your quilts all end the same way? A double fold French binding isn't always the best way to enhance the center of your quilt. What other edge finishes could you try? Let me show you different borders and edge finishes.

Quilting on Your Home Machine:

From sandwiching and packaging the quilt to fit in your machine throat to thread, marking and design decisions, it's all covered. Confidence to quilt your own tops is the goal of the related workshop.

Finished! Strategies for Getting UFOs Done:

See completed projects and hear stories of new UFOs that made the cut to stay on the list. Hear suggestions for how to get things done!

Turn It Around! We Wanna See the Back!

How often at our quilt shows and guild meetings do we hear this? Hear tips to make the back of your quilt as beautiful as the fronts.

Color & Value, Scale & Intensity

In this truck show, we identify and explore aspects of fabric, showing different results with the same quilt pattern.
