1. "Adding the Secret Ingredient" – a MeadowLyon Adventure

In this "Overflowing Trunk" show we'll tell how our business blossomed from a single quilt to a repertoire of the most unique patterns in the machine quilting world. With an understanding of how unique stitching and thread choice support special quilts we can explore the Secret Ingredients: Adventure filled with the excitement of life, Fantasy or Fascination for the heart, Culture for a worldwide dimension, Texture and Discovery with Embellishments that add artistic interest. Spiced with fun stories of inspiration, midnight rush-jobs, and "how-tos" these quilts will come to life. We'll pass around lots of samples for a "good look." It's an Inspiring Show for traditional and machine quilters alike!

2. "MeadowLyon's Magical Theme Quilts"

In this glorified and instructional Trunk Show you'll see our newest and best quilts all designed in the Theme quilt way. On our giant flannel board, we'll explore how to use our distinctive patterns by pulling our compatible patterns together to create a finished masterpiece. Best of all, you'll see how to incorporate complementary blocks, borders and pantos into your own quilts. We'll spend some time talking about what type of quilts work well with the various types of patterns.

3. "Back to Nature"

Let's narrow it down to everything from Nature; And MeadowLyon has plenty of it! Animals and natural venues galore will inspire you to create your next quilt depicting the wonders of the amazing world around us. You'll enjoy a good look at African Safari, Dawgs, Fishy Business, SnowBirds, Flowers, Backwoods, and more. Plus, we'll talk about what choices we make to enhance the flora and fauna that we love.

5. "Heritage Quilts: Let me Outta that Trunk!" An Introduction to personal and family history through the heirlooms in our closets. I hope you'll feel inspired!

Can you tell your history through quilts? Maybe your mothers or grandmothers or even Great Grandmothers were quilters. This program lets all my treasures out of the "Trunk." They're so happy to breathe some fresh air. In a trip down memory lane, I'll talk about sharing your life and history through the quilts you have and make. Bring your antique quilts to show too! I'll bring along our patterns and sample quilts. It's a family history celebration!

4. "Asian Inspiration"-Thailand Adventure and Design. The fun adventures of a Quilter's Missionary Life in Thailand: Quilts, Designs, Hand Weaving and Bags.

Recently my husband and I spent 2 years on an LDS Church Mission to Thailand. We were lucky to visit a few other Asian countries, too! In fact in the Army that's been our focus for many years. I've got lots of inspiration for new designs and projects and bought lots of fabric. I couldn't resist purchasing lots of Thai quilts and quilted bags! We'll find quilt pattern ideas in the mosaics of the Grand Palace, and enjoying Chinese New Year. And in slides we'll visit some markets and weavers. I always have to talk fast so as not to leave anything out. Don't miss a minute!

6. "Modern Quilts, How I make them – How I quilt them."

I lived through the 50's, I lived through the 60's, I lived through the 70's, I lived through the 80's, and NOW IT'S THE 50's AGAIN. Is my memory working???? Modern quilts are the rage. I'll show ideas for making them and some creative ways to quilt them. We're going to be young again!!

1 Hour Program $200

I'm back from 2 wonderful years on an LDS Church Mission to THAILAND. We were lucky to visit a few other places, too! Here I am in a Batik class at the Textile Museum in Jakarta, Indonesia.

I'VE GOT LOTS OF INSPIRATION FOR NEW DESIGNS AND PROJECTS and COULDN'T RESIST PURCHASING LOTS OF NEW QUILTS AND QUILTED BAGS!

#5
Heritage Quilts: Let Me Outta That Trunk!

Mama (Mary Redd Snyder) used to lie on the bed with me and tell stories about the bright fabrics sewn into this quilt made by her mother, Verena Bryner Redd, There were scraps of dresses mama and her sisters wore in the early 1900s and pieces of dresses her mother had before the turn of the century. Even a few silks from my own young dresses were patched into the blocks. All of the colors have faded a bit now and sadly so has my memory. It's too bad we didn't think to write the stories. But, it's still warm with memories.

Maybe you have such a quilt in your closet. If you do, we'd love to see it. Let your guild bring their family quilts for a "Show and Tell" with me.
