Meet the Designer

Hi! I'm Rhonda, the quilt pattern designer, teacher and longarm quilter behind Prime Time Quilt Co. I design quilts that blend modern style with traditional roots, helping quilters feel confident in their ckills while creating something truly special.

My work has been featured in quilt industry lookbooks and new designs will be published in major quilting publications in 2026.

Quilting should be approachable, inspiring and bring joy, no matter the skill level!
